Link to this page: Given a system of particulars which is a physical object, I shall define that one of the system which is in a given place (if any) as the "appearance of that object in that place."From the point of view that we have been hitherto adopting, we might define them as the appearances of objects at places from which sense-organs and the suitable parts of the nervous system form part of the intervening medium.Or, if you prefer, since we seem to be dealing with impossibles, we might turn about and more truly define her as The Woman of Whom We are Worthy, for who dare say that she exists?In common use they define a citizen to be one who is sprung from citizens on both sides, not on the father's or the mother's only.To define and express the significance of this unknown factor- the spirit of an army- is a problem for science.Only then, expressing known historic facts by equations and comparing the relative significance of this factor, can we hope to define the unknown.THE SECOND class of powers, lodged in the general government, consists of those which regulate the intercourse with foreign nations, to wit: to make treaties; to send and receive ambassadors, other public ministers, and consuls; to define and punish piracies and felonies committed on the high seas, and offenses against the law of nations; to regulate foreign commerce, including a power to prohibit, after the year 1808, the importation of slaves, and to lay an intermediate duty of ten dollars per head, as a discouragement to such importations.The power to define and punish piracies and felonies committed on the high seas, and offenses against the law of nations, belongs with equal propriety to the general government, and is a still greater improvement on the articles of Confederation.Again, whether we define them as quantitative or not, they have no contraries: for how can there be a contrary of an attribute which is not to be apprehended in or by itself, but only by reference to something external?Yet that terror was not fright, But a tremulous delight -- A feeling not the jewelled mine Could teach or bribe me to define -- Nor Love -- although the Love were thine.Nietzsche as an evolutionist I shall have occasion to define and discuss in the course of these notes (see Notes on Chapter LVI, par.10, and on Chapter LVII.).In a second attempt Meno defines virtue to be 'the power of command.' But to this, again, exceptions are taken. defingly defilingly defingly Defibrillation Defibrillation Defibrillation defimation defimation defination defination defination DEFINET definability definability definable definable definable Definable Feature of Work Definable Features of Work Definable Logging Format Definable Principal Congruence definably definably definably definably definably definid definid defineddefine (something) as (something) Define and Control Airplane Configuration define as Define Assess Respond Evaluate Define At First Mention Define Bit Define Byte Define Constant Define Constant With Wordmark Define Control Block Define Control Block Dummy Define Critical Success Factors Define Device Trigger Define Measure Analyze Control Define Normal Define Review Identify Verify Execute Define risk or disease Define Storage Define Substrate Technology Define The File Define the New Normal Define the Relationship Define Word Define Your Acronyms Define Your Own Beauty Define Your Own Software Define, Identify, Design, Optimize, Validate Define, Investigate, Verify, Ensure Define, Measure, Analyze, Design, Verify Define, Measure, Analyze, Improve, Control 1. Define (verb): To explain or describe the meaning of something clearly.2. Define (verb): To set forth the boundaries or limits of something.3. Define (verb): To make clear or distinct.4. Define (verb): To specify the exact nature, scope, or meaning of something.5. Define (verb): To determine or fix the form of something.The word "define" has multiple meanings centered around providing clarity and understanding. It is commonly used to give a precise meaning to a term or concept, establish boundaries, or specify characteristics. It can also imply making something distinct or clear in appearance or perception. Discovering the full range of definitions and contexts for "define" can enrich your language skills and understanding."Define" Definition: What Does "Define" Mean?"Define" carries multiple layers of meaning, all of which contribute to its wide usage in language. Whether you are outlining boundaries or clarifying a concept, this word is integral to providing clarity in communication.Definition of "Define": ExplainTo express the meaning of something clearly is often used in academic, legal, and casual speech.Definition of "Define": DetermineTo establish or determine the boundaries or limits of something, such as a space, concept, or object.Definition of "Define": ClarifyTo make a concept or term more distinct or easier to understand.Parts of SpeechDefine functions primarily as a verb, taking both transitive and intransitive forms in sentences. When used transitively, it requires a direct object to state meaning or set boundaries, while its intransitive use appears in contexts where something becomes clear or distinct. In technical contexts, it often appears as "defined" in passive constructions, particularly in mathematical, scientific, or legal documents where precise meanings are crucial.How to Pronounce "Define"?The word "define" is pronounced as "dih-FINE." The first syllable "dih" is unstressed, using a short "i" sound. The second syllable "FINE" is stressed and rhymes with words like "line" or "mine." The emphasis falls on the second syllable, making it longer and stronger than the first.Phonetic Pronunciation: /dfan/Synonyms of "Define": Other Ways to Say "Define"Synonyms are essential when you want to express similar ideas using different words.Here are several other ways to say "define":ExplainClarifySpecifyOutlineDescribeDelineateInterpretDetermineCharacterizeExpoundAntonyms of "Define": Other Ways to Say "Define"Just as it's important to know synonyms, understanding the antonyms of "define" can help in expressing the opposite meaning.ConfuseObscureComplicateMisinterpretDistortVagueMisrepresentExamples of "Define" in a SentenceEach example will demonstrate the term's versatility in everyday language, professional settings, and abstract concepts.Here are ten examples that showcase how "define" can be used in different contexts:The professor asked the class to define the main concepts before the lecture began.It's important to define your personal goals before starting any new project.The company needs to define its vision for the future more clearly.The dictionary helps to define words and phrases in a way that everyone can understand.Our discussion will attempt to define the scope of the problem we're facing.Scientists continue to define new species as they discover more about our planet.We should define our terms before continuing this debate.The boundaries of the property are carefully defined by the legal documents.The artist struggled to define her unique style in the competitive art world.We need to define the roles and responsibilities of each team member before moving forward.Frequency of UseThe word "define" is one of the most commonly used words in the English language, particularly in academic, professional, and technical contexts. According to Google's Ngram Viewer, its usage has shown a steady presence in written materials since the 1800s, with a notable increase in frequency during the latter half of the 20th century, likely due to the rise of technical and scientific literature.Variants of "Define"There are several variations of "define" that convey slightly different meanings or usages:1. Defined: Past tense form, indicating that something has already been clarified.2. Defining: Present the participle, showing that the action of clarifying or establishing meaning is ongoing.3.
