Sound insulation between rooms is good, allows for DIY recording. 24/7 access and parking is free and very easy. Since rooms are monthly rentals, the building/parking areas are not crowded with hourly renters. Responsive managementSylas Cooper ★★★★★ One of the chilltest rehearsal room spaces in the city. Sam runs the place well and I've made connections there that will last a lifetime. Highly recommend.Laila Eskin ★★★★★ Best practice space around, 24/7 security, good sound proofing and the best place to play your music loud.Crispin Torres ★★★★★☆ Comparable to the other handful of practices spaces in the area but smaller, no onsite staff available, and the entryway is directly in the alley. Best part is that there's no/very little noise bleed from the other rooms in the space and access to the building is pretty well controlled (especially compared to the two other larger studios like Superior Street). Common areas are not well cleaned, especially the restrooms but the rooms themselves are in good shape, electrical is maintained, and it feels secure (in 2 years we have not had any safety issues).olli ★★★★★ Robert Shields ★★★★★ Soundspace has been homeFor my musical projects for 7 years, possibly more.
