Every lesson teaches Christ. Colossians 1:17 says, "By him (Jesus) all things consist," so math and science are studies of the very nature of Christ. History is the study of God's dealings with humans. Language is God's chosen method of communicating with us. At Tri-City Christian Academy (TCA), "Christian" isn't just part of the name; it's at the center of everything we do. Yes, we have outstanding academics, but seeing spiritual growth in our students is even more important to us. Are you concerned about the spiritual well-being of your children? Then TCA is the school for you. Tri-City Christian Academy The High Point Church has supported Tri-City Christian Academy along with the Greensboro, Kernersville, Triad Adventist Fellowship, and Winston-Salem Seventh-day Adventist churches since 1957. The K-12 grade school currently has 180 students. Currently they have 12 full-time teachers with 8 additional support staff. The low student-teacher ratio, the intentional interaction of students in different grade levels and an emphasis on Christian service and leadership development is what makes the school unique. Many visitors remark about the caring homeschool-like atmosphere that characterizes the school. In August of 2016 the school moved into a new 31,000 square foot facility on the existing campus. Currently the 5 constituent churches are working together to retire the remaining \$4 million dollar loan. As a world church, Seventh-day Adventists operate 7,804 schools, colleges and universities, with 84,997 teachers and 1,673,828 students making it the largest Protestant school system in the world. Tri-City Christian Academy is the largest Seventh-day Adventist day school in North and South Carolina. Germann Rd. Chandler, AZ 85286 SW corner of Dobson and Germann off the Loop 101 and Loop 202 (accessible from Germann Road) Our daughter began at TCA last year (2017-2018) as a Junior in High School. She loves the school and so do we!The principal went two extra miles for us, as did each of the teachers. We can't say enough good about them!Our daughter had Bible class, English 3, History, College nutrition, College psych 101, music / choir, gymnastics, etc. And yes, the college courses come with transferable credit from your choice of 2 universities.Teachers are very caring, and solid Christians.The price was very reasonable for private school. Kids all do very well on SAT/ACT scores. The students are all caring Christians as well.Our daughter came from a private school near Dayton, Ohio, which does well academically, but the culture is not at all Christian and TCA wins hands down over the other in every category. - Posted by Parent - Yonah Request an Information Packetbelinda2022-09-08T10:14:27-07:00 Stand out from the masses and increase your odds of playing basketball at the next level.
